	were approved for issue by the Board of Directors on 25th April, 2019.
2.	Significant accounting policies
2.1	Statement of Compliance with Ind AS
2.1	These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013. The financial statements have also been prepared in accordance with the relevant presentation requirements of the Companies Act, 2013. The Company adopted Ind AS from 1st April, 2017. Up to the year ended 31st March, 2017, the Company prepared its financial statements in accordance with the requirements of previous Generally Accepted Accounting Principles (GAAP), which includes Standards notified under the Companies (Accounting Standards) Rules, 2006. These are the Company's first Ind AS financial statements. The date of transition to Ind AS is 1st April, 2016. Details of the exceptions and optional exemptions availed by the Company and principal adjustments along with related reconciliations are detailed in Note 2.13 (First-time Adoption).
2.2	Basis of preparation
	The financial statements are prepared in accordance with the historical cost convention, except for certain items that are measured at fair values, as explained in the accounting policies. Historical cost is generally based on the fair value of the consideration in exchange for goods and services.
	All amount disclosed in the financial statements including notes thereon have been rounded off to the nearest thousands as per the requirement of Schedule III to the Act, unless stated otherwise.
2.3	Use of estimates
	The preparation of financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of the accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period; they are recognised in the period of the revision and future periods if the revision affects both current and future periods.
2.4	Operating Cycle
	All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1 – Presentation of Financial Statements. The Company has ascertained its operating cycle to be 12 months for the purpose of current, non-current classification of assets and liabilities.
2.5	Revenue recognition
	When the outcome of a transaction involving the rendering of services can be estimated reliably, revenue associated with the transaction shall be recognised by reference to the stage of completion of the transaction at the end of the reporting period. The outcome of a transaction can be estimated reliably when all the following conditions are satisfied: (a) the amount of revenue can be measured reliably; (b) it is probable that the economic benefits associated with the transaction will flow to the entity; (c) the stage of completion of the transaction at the end of the reporting period can be measured reliably; and
	measured reliably; and (d) the costs incurred for the transaction and the costs to complete the transaction can be measured reliably. When the outcome of the transaction involving the rendering of services cannot be estimated reliably, revenue shall be recognised only to the extent of the expenses recognised that are recoverable.
	Interest income is recorded an accrual basis using the effective interest rate (EID) mathed
	Interest income is recorded on accrual basis using the effective interest rate (EIR) method.

Dividend income is recognised when the Company's right to receive the dividend

established.

Notes to the Standalone Financial Statements (contd.) Note No. : 2 Significant accounting policies (contd.)

	All other income are accounted for on accrual basis.			
2.6	Foreign Currency Transactions			
	The functional and presentation currency of the Company is Indian Rupee.			
	Transactions in foreign currency are accounted for at the exchange rate prevailing on the			
	transaction date. Gains/ losses arising on settlement as also on translation of monetary items are recognised in the Statement of Profit and Loss.			
2.7	Devide learner and the least the lea			
2.7	Provisions, contingent liabilities and contingent assets			
a)	Provisions are recognized only when there is a present obligation, as a result of past events and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.			
b)	Contingent liability is disclosed for possible obligations which will be confirmed only by future events not wholly within the control of the Company or present obligations arising from pas events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.			
c)	Contingent assets are neither recognized nor disclosed except when realisation of income is virtually certain, related asset is disclosed.			
d)	Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.			
2.8	Employee benefits			
	Short-term employee benefits			
	All employee benefits payable wholly within 12 months of rendering the services are classified			
	as short term employee benefits such as salary and are recognised in the period in which the employee renders the related services.			
2.9	Financial instruments, Financial assets, Financial liabilities and Equity instruments			
the contractual provisions of the relevant instrument and are initially measured a Transaction costs that are directly attributable to the acquisition or issue of financial financial liabilities (other than financial assets and financial liabilities measured through profit or loss) are added to or deducted from the fair value on initial refinancial assets or financial liabilities.				
i)	Financial Assets			
(a)				
,,,,,	Recognition Financial assets include Investments, Trade receivables, Advances, Security Deposits, Cash and cash equivalents. Such assets are initially recognised at transaction price when the Company becomes party to contractual obligations. The transaction price includes transaction costs unless the asset is being fair valued through the Statement of Profit and Loss.			
(b)	Classification			
	Management determines the classification of an asset at initial recognition depending on the purpose for which the assets were acquired. The subsequent measurement of financial assets depends on such classification. Financial assets are classifled as those measured at:			
	amortised cost, where the financial assets are held solely for collection of cash flows arising from payments of principal and/ or interest.			
	fair value through other comprehensive income (FVTOCI), where the financial assets are held not only for collection of cash flows arising from payments of principal and interest but also from the sale of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in other comprehensive income.			
	fair value through profit or loss (FVTPL), where the assets does not meet the criteria for categorization as at amortized cost or as FVTOCI. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair			
	value being recognised in the Statement of Profit and Loss in the period in which they arise. Trade receivables, Advances, Cash and cash equivalents etc. are classified for measurement at amortised cost while investments may fall under any of the aforesaid classes. However, in respect of particular investments in equity instruments that would otherwise be measured at fair value through profit or loss, an irrevocable election at initial recognition may be made to present subsequent changes in fair value through other comprehensive income.			

Notes to the Standalone Financial Statements (contd.) Note No. : 2 Significant accounting policies (contd.)

(c)	Impairment		
	The Company assesses at each reporting date whether a financial asset (or a group of financialassets) such as investments, trade receivables, advances and security deposits held at amortised cost and financial assets that are measured at fair value through other comprehensive income are tested for impairment based on evidence or information that is available without undue cost or effort.		
	The Company recognizes loss allowances using the expected credit loss (ECL) model and ECL impairment loss allowance are measured at an amount equal to lifetime ECL.		
	Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.		
(4)	Do manage Milan		
(d)	De-recognition Financial assets are derecognised when the right to receive cash flows from the assets has expired, or has been transferred, and the Company has transferred substantially all of the risks and rewards of ownership. If the asset is one that is measured at:		
	(i) amortised cost, the gain or loss is recognised in the Statement of Profit and Loss; (ii) fair value through other comprehensive income, the cumulative fair value adjustments previously taken to reserves are reclassified to the Statement of Profit and Loss unless the asset represents an equity investment in which case the cumulative fair value adjustments previously taken to reserves is reclassified within equity.		
111	Financial liabilities		
ii)	Borrowings, trade payables and other financial liabilities are initially recognised at the value of the respective contractual obligations. They are subsequently measured at amortised cost. Financial liabilities are derecognised when the liability is extinguished, that is, when the contractual obligation is discharged, cancelled and on expiry.		
iii)			
	Equity instruments Equity instruments are recognised at the value of the proceeds, net of direct costs of the capital issue.		
iv)	Offsetting of financial instruments		
· · · · · · · · · · · · · · · · · · ·	Financial assets and liabilities are offset and the net amount is included in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.		
v)	Dividend distribution		
	Dividends paid (including income tax thereon) is recognised in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders.		
vi)	Fair value measurement		
	The Company measures financial instruments at fair value at each balance sheet date.		
	For some assets and liabilities, observable market transactions or market information might be available. For other assets and liabilities, observable market transactions and market information might not be available. However, the objective of a fair value measurement in both cases is the same—to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions.		
	In determining the fair value of financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each balance sheet date.		
	The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique: Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.		
	Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

	The Company has on-going litigations with various regulatory authorities and third parties.			
1	Where an outflow of funds is believed to be probable and a reliable estimate of the outcome			
	the dispute can be made based on management's assessment of specific circumstances of			
	each dispute and relevant external advice, management provides for its best estimate of the			
	liability. Such accruals are by nature complex and can take number of years to resolve and			
	can involve estimation uncertainty. Information about such litigations is provided in notes to the			
	financial statements.
