Our Logo

symbolizes our Corporate Personality

SQUARE: The solid shape symbolizes SKP as structurally grounded with a strong, stable and balanced foundation having an eye on basics. It also denotes integrity that lies in its pragmatic approach, on which society in general and clients in particular can depend upon, for right direction and peace of mind.

GREY: The formal colour of maturity and responsibility, like that of grey hair, depicts a safe, toned down and responsible SKP from which a new positive emerges that lends a steady effect on others. The dynamic yet subtle, conservative yet independent, conventional yet neutral, impartial yet practical approach of SKP, makes it trustworthy. It also creates a sense of calm & composure for its clients, providing them relief from an otherwise chaotic world.

BLUE: The calm, peaceful and harmonious blue reflects the sincerity and compassion of SKP reiterating that it cares about what it does for its clients. It redefines the facets of depth, loyalty, reliability and devotion amidst an aura of integrity, faithfulness and credibility. The corporate blue reflects the power of its strength and authority that emanates from its enthusiastic desire and determined spirits to be idealistic and judicious. Its controlled, clean and orderly, yet open & flexible approach, underlines its clarity of communication to its clients of being with them till eternity. It is a symbol of our maturity, confidence and success.

CONCEPT: The conventional but youthful & smart typeface symbolizes our capability to understand customer needs across age groups. The tagline symbolizes our vision.

**EXPLANATORY STATEMENT UNDER SECTION 102(1) OF THE
COMPANIES ACT, 2013**

Item No. 3

The Board of Directors on the recommendation of the Nomination and Remuneration Committee has appointed Mr. Saurabh Sonthalia (DIN: 01355617) as an Additional Independent Director of the Company with effect from 10th November 2018, from whom declarations stating that he meets criteria of Independence as prescribed under Section 149(6) of the Act and under Regulation 16(b) of SEBI (LODR) Regulations, 2015 has been received by the Company. He is also not disqualified from being appointed as a Director and has given his consent to act as a Director. In accordance with the provisions of Section 161(1) and other applicable provisions of the Act, Mr. Saurabh Sonthalia would hold the office up to the conclusion of ensuing AGM.

Mr. Sonthalia is a Chartered Accountant and PGDM (IIM-A), carrying 25 years’ experience and strong relationships in Indian Financial Markets with a deep understanding of Indian economy, financial markets, asset management, investment banking and private equity investing in real estate and hospitality sectors, having played a leadership role in globally renowned entities.

In the opinion of the Board, Mr Sonthalia fulfils the conditions for his appointment as an Independent Director as specified in the Act and SEBI (LODR) Regulations, 2015. Considering the vast experience and knowledge, it will be in the interest of the Company that Mr. Sonthalia be

appointed as an Independent Director of the Company for a first term of five consecutive years, not liable to retire by rotation as provided under Section 152(6) of the Act.

Save and except Mr. Sonthalia, none of the other Directors/Key Managerial Personnel of the Company are in any way concerned or interested financially or otherwise, in the resolution set out at item no. 3 of the Notice.

The Board recommends the passing of Ordinary Resolution as set out at item no 3 of the Notice for approval by the Members.

Item No. 4

As per the provisions of Section 149, 152 & Schedule IV of the Act read with the relevant rules made there under, the Company had appointed Mr. Ravi Todi (DIN: 00080388) as an Independent Director at the 24th AGM of the Company held on 27th September 2014 for a first term of five consecutive years and his term ends at the conclusion of ensuing AGM. The Board of Directors on the recommendation of the Nomination and Remuneration Committee had re-appointed Mr. Ravi Todi as an Independent Director of the Company, subject to the approval of shareholders, for a second term of five consecutive years effective from conclusion of 29th AGM up to the conclusion of 34th AGM to be held during the Calendar year 2024, from whom declarations stating that he meets criteria of Independence as prescribed under Section 149(6) of the Act and under Regulation 16(b) of SEBI (LODR) Regulations, 2015 has been received by the Company. He is also not disqualified from being appointed as a Director and has given his consent to act as a Director, not liable to retire by rotation as provided under Section 152(6) of the Act.

Mr. Todi is a Commerce Graduate and a well-networked entrepreneur with vast experience, having interest in agricultural equipment, EPC and real estate, he has held/holds leadership positions in leading business associations.

In the opinion of the Board, Mr Todi fulfils the conditions for his re-appointment as an Independent Director as specified in the Act and SEBI (LODR) Regulations, 2015. Considering the vast experience and knowledge, it will be in the interest of the Company that Mr. Todi is re-appointed as an Independent Director of the Company.

Save and except Mr. Todi, none of the other Directors/Key Managerial Personnel of the Company are in any way concerned or interested financially or otherwise, in the resolution set out at item no. 4 of the notice.

The Board recommends the passing of Special Resolution as set out at item no 4 of the Notice for approval by the Members.

PERFORMANCE HIGHLIGHTS

Financial Year 2019 witnessed significant structural changes in financial markets and regulations, which had a game changing impact on the businesses that your company is engaged in, causing significant short term pains.

Regulatory categorization of mutual fund schemes forced fund managers to reshuffle fund portfolios to align them with the prescribed category in a time bound manner. This led to a severe meltdown in mid and small cap stocks, whereas the frontline indices remained high due to a mid year rally in a handful of frontline stocks. Debt markets witnessed a series of crisis, unprecedented in nature and quantum, primarily caused by the IL&FS crisis, leading to issues related to NBFC/HFC and leverage against promoter holdings. The resultant liquidity shortage, which was already weak, added fuel to the fire. By the end of the financial year, inflow of global liquidity led to frontline indices scaling new highs, again led by a handful of stocks, while a few mid and small cap stocks also recovered a bit. Growth in corporate earnings remained elusive. Uncertainties have also been caused by slowdown in global and domestic economy, a simmering global trade war and the on going General Elections 2019.

Such uncertain situation in equity markets, almost irrational, kept equity investors at bay. Most equity mutual funds underperformed leading to diminishing investors confidence. In fact, there was a crisis of confidence for debt fund investors, which witnessed a flight to safety. All this led to lower business volumes for your Company, in both, its Broking and Distribution Services. Income from Distribution Services was further impacted by the complete discontinuation of Upfront Fees and move to Trail Fees only, for the first time in the history of Indian Mutual Fund industry. In this backdrop, your Directors express satisfaction on the company's performance.

SHARE BUY BACK, DIVIDEND AND RESERVES

With an objective to return non-operational surplus cash available with the Company to Shareholders and improve performance ratios like Return on Equity, Earnings per Share, etc. the Board of Directors at their meeting held on 27th April 2019, recommended Buy-Back of upto 9,95,000 equity shares of ₹ 10/- each fully paid up, representing 22.62% of the total number of equity shares in the paid up equity capital of the Company from all existing shareholders/beneficial owners of the Company on a proportionate basis through Tender Offer Route at a price of ₹ 70/- per share payable in cash for an aggregate consideration of ₹ 6,96,50,000/- not exceeding 25% of the fully paid up equity capital and free reserves of the Company as on 31st March 2019, subject to receipt of necessary regulatory and shareholders' approval in compliance with SEBI (Buy-Back of Securities) Regulations, 2018.

In view of this, your Directors do not recommend any dividend for the Financial Year 2018-2019 and propose to transfer a sum of ₹ 10 Lacs to General Reserve.

FUTURE OUTLOOK

The challenges mentioned above, may have a moderating impact on the company's business for the short term. Mid year discontinuation of upfront fees from mutual funds will have a full year impact on Company's performance during the ensuing year. Expense Ratio rationalization in mutual funds introduced by the regulators in the new Financial Year, will further reduce income from Distribution Services. Till such time uncertainties continue to surround financial markets, your Directors continue to remain cautiously optimistic for the company's performance in the short term, although quite confident over the medium and long term. Your company has recently received SEBI's registrations for Merchant Banking Services and Portfolio Management Services and plan to commence these services during FY20. These strategic diversifications, which are synergetic to company's current business, are likely to take your company to greater heights.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDUSTRY STRUCTURE AND DEVELOPMENT

Your Company is primarily engaged in stock broking and distribution of financial products. Both are facing competitive, taxation and regulatory headwinds. Mutual fund distribution industry is facing game changing structural changes.

OPPORTUNITIES AND THREATS

A growing economy leading to higher investible surplus with families and under penetration of company's services, provide business opportunities for the Company in its existing services and for it to move into more value added services like Portfolio Management. Its research coverage of corporates on one hand and dealing with institutional investors on the other is also creating an opportunity to render corporate advisory and investment banking services. Large broking and distribution houses promoted by financial conglomerates from India and abroad, generally having their proprietary products to offer to customers, pose a threat to the Company, alongwith game changing structural and regulatory changes in the industry.

BUSINESS REVIEW

Your Company has witnessed a satisfactory growth and overall improvement in performance over the years, although it was quite lackluster during FY19 as compared to previous year. Your company is re-engineering its business strategy as required, and making strategic related diversifications to meet the emerging challenges and perform better, going forward.

RISK AND CONCERNS

Efforts are being continuously made to make the Company withstand and grow within the highly competitive environment. Superior risk management measures have been put in place to reduce risk in broking business. Prudent asset allocation and selection of investment avenues dilutes risks in proprietary investments. A comprehensive risk evaluation methodology and processes for early identification and mitigation of all kinds of risks are also in place.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The scope of work for Internal Auditors, which is reviewed and expanded as required, addresses issues related to internal control systems particularly those related to regulatory compliance and risk management. Pre-audit and post-audit checks and reviews ensure that audit observations are acted upon. Audit Committee of the Board of Directors reviews the Internal Audit Reports and adequacy of internal controls and make suitable recommendations regularly.

FINANCIAL PERFORMANCE

A snapshot of financial performance is furnished in Report of Board of Directors.

FUTURE OUTLOOK

Uncertainties about global macro economic conditions and prospects of a trade war coupled with a lackluster domestic economic growth, business environment and corporate earnings are providing headwinds to equity markets. A dovish stance of central bankers globally and in India to meet the slow down will give the much required liquidity push, providing the tail winds to both, equity and bond markets, already leading to expansion of frontline equity valuation. This makes short term outlook for the markets and your company's business quite moderate. However, medium and long

term prospects of the markets remain quite positive with the expected revival in corporate earnings growth. Given the continued economic growth, increased financialisation of savings coupled with increased penetration and strategic diversification initiatives in related areas by your company, its future outlook is quite positive.

HUMAN RESOURCE MANAGEMENT

We are committed to make SKP a preferred place to work with a career growth oriented professional environment and a sense of ownership. As at 31st March 2019, the Company had 42 employees.

PREVENTION OF SEXUAL HARASSMENT

As a good corporate citizen, SKP is committed to a gender friendly workplace. It seeks to enhance equal opportunities for men and women, prevent/stop/redress sexual harassment at workplace and institute good employment practices.

SKP maintains an open door for reportees and encourages employees to report any harassment or other unwelcome and offensive conduct. The Company has a policy for prevention, prohibition and redressal of complaints / grievances on the Sexual harassment of women at work place. This policy is communicated to all employees in an appropriate and meaningful manner.

Details of significant changes (i.e change of 25% or more as compared to the immediately previous financial year) in key financial ratios, along with detailed explanations therefor, including:

- i) **Interest Coverage Ratio:** Interest coverage ratio has come down from 30.13% in 2017-18 to 8.76% in 2018-19 mainly because of decrease in Earnings before Interest & Taxes (EBIT). An interest coverage ratio of 2 is considered as acceptable in case of company earning consistent profit and since your company has never incurred losses, ratio of 8.76 can be considered good. Further, your Directors are pleased to inform you that total indebtedness of the Company has reduced from ₹ 364.28 lacs in 2017-18 to ₹ 38.09 Lacs in 2018-19 indicating that there will be lower interest to service in the coming financial year.
- ii) **Debt Equity Ratio:** Debt Equity Ratio has decreased from 34.88% in 2017-18 to 14.40% in 2018-19 indicating the reduction in Debt as compared to Equity and better ability of the Company to service the Debt from Shareholders' Fund which is a positive indicator.
- iii) **Operating Profit Margin (%) & Net Profit Margin (%):** The Operating Profit Margin (%) and Net Profit Margin (%) have come down by around 50% mainly because of decrease in revenue. The Company is engaged in providing Financial & Advisory services and a major portion of its expenses are fixed expenses. Since the revenue has come down because of reasons mentioned earlier in this report and major portion of cost is fixed, both Operating Profit Margin & Net Profit Margin have gone down as compared to previous year.
- iv) **Return on Net worth:** Return on Net worth has decreased from 22.91% to 6.31% mainly because of the decrease in revenue though cost was kept under control.

INDEPENDENT AUDITOR'S REPORT

To The Members of SKP Securities Limited

CIN : L74140WB1990PLC049032

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of SKP Securities Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and a summary of the significant accounting policies and other explanatory information (herein after referred to as "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ('the Ind AS') and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2019, and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How our audit addressed the key audit matter
Accuracy of recognition, measurement, presentation and disclosures of Investments and other related balances	Our Procedure: We have verified these investments with reference to the provisions of Ind AS as also internal policies and procedure of the Company as follows:

<p>Investments include investments made by the Company in various quoted and unquoted equity shares and mutual funds.</p> <p>These investments constitute 52% of the Company's total assets.</p> <p>The valuation of each category of the aforesaid securities is to be done as per the provisions of Ind AS which involves collection of data/information from various sources such as Account statements of mutual funds, Demat statement, financial statements of unlisted companies etc. Considering the complexities and extent of judgement involved in the valuation, this has been determined as Key Audit Matter.</p> <p>Refer Note 5 to the standalone financial statements</p>	<ol style="list-style-type: none"> a. carried out evaluation of the design and operating effectiveness of the internal controls and performed substantive audit procedures. b. Assessed and evaluated the process adopted for collection of information from various sources for determining fair value of these investments. c. Verified compliance with the presentation and disclosure requirements as per Ind AS and the Act. This test was conducted for the entire population.

Information Other than the Standalone financial statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records,

relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

That Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143 (3) of the Act, we report that:
 - i. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

 - iii. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash flow dealt with by this Report are in agreement with the relevant books of account.
 - iv. In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - v. On the basis of the written representations received from the Directors as on 31st March, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2019 from being appointed as a director in terms of section 164(2) of the Act.
 - vi. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

- vii. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- viii. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

- a. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements –Refer Note No. 28.1 to the standalone financial statements.
- b. The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses.

“Annexure B” to the Independent Auditor’s Report

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of SKP Securities Limited (“the Company”) as of 31st March, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the Standalone Ind AS Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

NOTE NO. 1**1. Company Overview**

SKP Securities Limited ('the Company') incorporated on 18th May 1990, is a Public Limited Company domiciled in India and has its registered office at Chatterjee International Centre, Level 21, 33A, Jawaharlal Nehru Road, Kolkata - 700 071. Its shares are listed on BSE Ltd.

The Company is engaged in the business of providing stock broking services, depository services, distribution of mutual funds and wealth advisory services.

The Company is registered with Securities and Exchange Board of India (SEBI) as a member of National Stock Exchange of India Limited (NSE), BSE Ltd., National Securities Depository Limited (NSDL), Central Depository Services (India) Ltd. (CDSL) and as Research Analysts. It is also registered with Association of Mutual Fund of India (AMFI).

The financial statements for the year ended 31st March 2019 were approved for issue by the Board of Directors on 27th April 2019.

NOTE NO. 2**2. Significant accounting policies****2.1 Statement of Compliance with Ind AS**

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) specified under Section 133 of the Companies Act, 2013 ('the Act'). The financial statements have also been prepared in accordance with the relevant presentation requirements of the Act. The Company adopted Ind AS from 1st April, 2017.

2.2 Basis of preparation

These financial statements are prepared in accordance with the historical cost convention on the accrual basis, except for certain items that are measured at fair values, as explained in the accounting policies. Historical cost is generally based on the fair value of the consideration in exchange for goods and services.

Accounting policies have been consistently applied except where a newly issued Indian Accounting Standard is initially adopted or a revision to an existing Indian Accounting Standard requires a change in the accounting policy hitherto in use.

All amount disclosed in the financial statements including notes thereon have been rounded off to the nearest lakh as per the requirement of Schedule III to the Act, unless stated otherwise.

2.3 Use of estimates

The preparation of financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of the accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period; they are recognised in the period of the revision and future periods if the revision affects both current and future periods.

2.4 Property, plant and equipment (PPE) and Depreciation

- a) Property, plant and equipment are stated at cost of acquisition less accumulated depreciation and impairment, if any. For this purpose, cost includes deemed cost which represents the carrying value of PPE recognised as at 1st April, 2016 measured as per the previous GAAP.
- b) Cost is inclusive of inward freight, non-refundable taxes and duties and directly attributable costs of bringing an asset to the location and condition of its intended use. Expenses capitalised also include applicable borrowing costs for qualifying assets, if any. All upgradation / enhancements are charged off as revenue expenditure unless they bring similar significant additional benefits.
- c) The cost and related accumulated depreciation are derecognised from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss.
- d) Depreciation of these assets commences when the assets are ready for their intended use which is generally on commissioning. Depreciation on items of PPE is provided on a straight line basis to allocate their cost, net of their residual value over the estimated useful life of the respective asset as specified in Schedule II to the Act which in the view of the management best represents the period for which the asset is expected to be used.
- e) The estimated useful lives of PPE of the Company are as follows:

Freehold Premises	60 years
Office equipment	5 years
Furniture and fixtures	10 years
Computers, Servers and other Information Technology Equipments	3 to 6 years
Vehicles	8 years
- f) The assets' residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate. The residual life is considered as 5% of the value of PPE.

2.5 Impairment of Assets

As at each balance sheet date, the Company assesses whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, if any, an impairment loss is recognized for the amount by which the carrying amount of the asset exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the impairment loss previously recognized is reversed such that the asset is recognized at its recoverable amount but not exceeding written down value which would have been reported if the impairment loss had not been recognized.

2.6 Revenue recognition

With effect from 1st April, 2018, the Company has adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up transition method, applied to contracts there were not completed as of 1st April, 2018. Accordingly, the comparatives have not been retrospectively adjusted. The effect on adoption of Ind AS 115 was insignificant.

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties. The Company recognizes revenue when it transfers control over a product or service to customers in accordance with Ind AS 115.

The Company recognizes revenue to depict the transfer of promised goods or services to customers in amounts that reflect the payment to which the Company expects to be entitled in exchange for those goods or services by applying the following steps:

Step -1- Identify the contract with a customer;

Step -2- Identify the performance obligations in the contract;

Step -3- Determine the transaction price;

Step -4- Allocate the transaction price to the performance obligations in the contract;

Step -5- Recognize the revenue when (or as) the Company satisfies a performance obligation.

The Company is engaged in the business of providing stock broking services, depository services, distribution of mutual funds and wealth advisory services. The recognition criteria is as follows:

a) Broking Services

Income from broking activities and transactions in respect of dealing in shares and securities are recognised as the performance obligations are satisfied viz on the date of settlement on the respective stock exchange.

b) Distribution Services

Brokerage/commission from mutual funds and on distribution of third party products are recognised when the Company's right to receive the same is established.

c) Depository and Advisory Services

Income from Depository and Advisory services are recognised as the performance obligations are satisfied on the basis of agreement entered into with the clients and when the Company's right to receive the income is established.

d) Interest income

Interest income is recorded on accrual basis using the effective interest rate (EIR) method.

e) Dividend Income

Dividend income is recognised when the Company's right to receive the dividend is established.

2.7 Foreign Currency Transactions

The functional and presentation currency of the Company is Indian Rupee.

Transactions in foreign currency are accounted for at the exchange rate prevailing on the transaction date. Gains/ losses arising on settlement as also on translation of monetary items are recognised in the Statement of Profit and Loss.

2.8 Borrowing costs

Borrowing costs that are directly attributable to the acquisition and/or construction of a qualifying asset are capitalized as part of the cost of such asset till such time that is required to complete and prepare the asset to get ready for its intended use. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use.

All other borrowing costs are charged to the Statement of Profit and Loss in the period in which they are incurred.

2.9 Provisions, contingent liabilities and contingent assets

- a) Provisions are recognized only when there is a present obligation, as a result of past events and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.
- b) Contingent liability is disclosed for possible obligations which will be confirmed only by future events not wholly within the control of the Company or present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.
- c) Contingent assets are neither recognized nor disclosed except when realisation of income is virtually certain, related asset is disclosed.
- d) Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

2.10 Employee benefits

a) Short-term employee benefits

Short-term employee benefits in respect of salaries and wages, including non-monetary benefits are recognised as an expense at the undiscounted amount in the Statement of Profit and Loss for the year in which the related service is rendered.

b) Defined contribution plans

Company's Contributions to Provident Fund are charged to the Statement of Profit and Loss in the year when the contributions to the respective funds are due.

c) Defined benefit plans

Gratuity is in the nature of a defined benefit plan. The cost of providing benefits under the defined benefit obligation is calculated on the basis of actuarial valuations carried out at reporting date by independent actuary using the projected unit credit method. Service costs and net interest expense or income is reflected in the Statement of Profit and Loss. Gain or Loss on account of re-measurements are recognised immediately through other comprehensive income in the period in which they occur.

2.11 Financial instruments, Financial assets, Financial liabilities and Equity instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the relevant instrument and are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities measured at fair value through profit or loss) are added to or deducted from the fair value on initial recognition of financial assets or financial liabilities.

i) Financial Assets

(a) Recognition

Financial assets include Investments, Trade receivables, Advances, Security Deposits, Cash and cash equivalents. Such assets are initially recognised at transaction price

when the Company becomes party to contractual obligations. The transaction price includes transaction costs unless the asset is being fair valued through the Statement of Profit and Loss.

(b) Classification

Management determines the classification of an asset at initial recognition depending on the purpose for which the assets were acquired. The subsequent measurement of financial assets depends on such classification.

Financial assets are classified as those measured at:

- 1) amortised cost, where the financial assets are held solely for collection of cash flows arising from payments of principal and/ or interest.
- 2) fair value through other comprehensive income (FVTOCI), where the financial assets are held not only for collection of cash flows arising from payments of principal and interest but also from the sale of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in other comprehensive income.
- 3) fair value through profit or loss (FVTPL), where the assets does not meet the criteria for categorization as at amortized cost or as FVTOCI. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in the Statement of Profit and Loss in the period in which they arise.

Trade receivables, Advances, Security Deposits, Cash and cash equivalents etc. are classified for measurement at amortised cost while investments may fall under any of the aforesaid classes. However, in respect of particular investments in equity instruments that would otherwise be measured at fair value through profit or loss, an irrevocable election at initial recognition may be made to present subsequent changes in fair value through other comprehensive income.

(c) Impairment

The Company assesses at each reporting date whether a financial asset (or a group of financial assets) such as investments, trade receivables, advances and security deposits held at amortised cost and financial assets that are measured at fair value through other comprehensive income are tested for impairment based on evidence or information that is available without undue cost or effort.

The Company recognizes loss allowances using the expected credit loss (ECL) model and ECL impairment loss allowance are measured at an amount equal to lifetime ECL.

Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

(d) De-recognition

Financial assets are derecognised when the right to receive cash flows from the assets has expired, or has been transferred, and the Company has transferred substantially all of the risks and rewards of ownership. If the asset is one that is measured at:

- (i) amortised cost, the gain or loss is recognised in the Statement of Profit and Loss;
- (ii) fair value through other comprehensive income, the cumulative fair value

adjustments previously taken to reserves are reclassified to the Statement of Profit and Loss unless the asset represents an equity investment in which case the cumulative fair value adjustments previously taken to reserves is reclassified within equity.

ii) Financial liabilities

Borrowings, trade payables and other financial liabilities are initially recognised at the value of the respective contractual obligations. They are subsequently measured at amortised cost.

Financial liabilities are derecognised when the liability is extinguished, that is, when the contractual obligation is discharged, cancelled and on expiry.

iii) Equity instruments

Equity instruments are recognised at the value of the proceeds, net of direct costs of the capital issue.

iv) Offsetting of financial instruments

Financial assets and liabilities are offset and the net amount is included in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

v) Dividend distribution

Dividends paid (including income tax thereon) is recognised in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders.

vii) Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date.

For some assets and liabilities, observable market transactions or market information might be available. For other assets and liabilities, observable market transactions and market information might not be available. However, the objective of a fair value measurement in both cases is the same to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions.

In determining the fair value of financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each balance sheet date.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

2.12 Taxes

Taxes on income comprises of current taxes and deferred taxes. Current tax in the Statement of Profit and Loss is provided as the amount of tax payable in respect of taxable income for the period using tax rates and tax laws enacted during the period, together with any adjustment to tax payable in respect of previous years.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities and the amounts used for taxation purposes (tax base), at the tax rates and tax laws enacted or substantively enacted by the end of the reporting period.

Deferred tax assets are recognized for deductible temporary differences, the carry forward of unused tax credits and any unused tax losses to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised.

Unrecognised deferred tax assets are re-assessed at each balance sheet date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Income tax, in so far as it relates to items disclosed under other comprehensive income or equity, are disclosed separately under other comprehensive income or equity, as applicable.

2.13 Earnings per Share

- a) Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted-average number of equity shares outstanding during the period.
- b) For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted-average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

The number of equity shares and potential dilutive equity shares are adjusted retrospectively for all periods presented for any share split and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

2.14 Leases

As a lessee

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the Statement of Profit and Loss on a straight line basis over the period of the lease or other systematic basis more representative of the time pattern of the user's benefits.

As a lessor

Leases in which the company has substantially retained all the risks and rewards of ownership are classified as Operating Leases. Lease Income on such operating leases are recognized in the Statement of Profit and Loss on a straight line basis over the lease term which is representative of the time pattern in which benefit derived from the use of the leased asset is diminished. Initial direct costs are recognized as an expense in the Statement of Profit and Loss in the period in which they are incurred.

2.15 Cash and cash equivalents

Cash and cash equivalents in the Balance sheet comprise cash on hand, cheques on hand, balance with banks on current accounts and short term, highly liquid investments with an original maturity of three months or less and which carry insignificant risk of changes in value.

For the purpose of the Cash Flow Statement, Cash and cash equivalents consist of Cash and cash equivalents, as defined above and net of outstanding book overdrafts as they are considered an integral part of the Company's cash management.

2.16 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/loss before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing flows. The cash flows from operating, investing and financing activities of the Company are segregated.

NOTE NO. 3

3.1 Critical Accounting Estimates

(i) Estimation of Defined benefit obligations

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each financial year end.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans, the actuary considers the interest rates of government bonds.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

(ii) Provisions and Contingent Liabilities

The Company has ongoing litigations with various regulatory authorities and third parties. Where an outflow of fund is believed to be probable and are liable estimate of the outcome of the dispute can be made based on management's assessment of specific circumstances of each dispute and relevant external advice, management provides for its best estimate of the liability. Such accruals are by nature complex and can take number of years to resolve and can involve estimation uncertainty. Information about such litigations is provided in notes to the financial statements.

3.2 Recent accounting pronouncements

a) New and amended standards adopted by the Company

The Company has applied the following standards and amendments for the first time for the year ended 31st March, 2019:

- Ind AS 115 – Revenue from Contracts with Customers.
- Appendix B, foreign currency transactions and advance consideration to Ind AS 21 – The Effects of Changes in Foreign Exchange Rates.
- Amendment to Ind AS 12 – Income Taxes.

The application of Ind AS 115 and other amendments listed above did not have any impact on the amounts recognized in prior periods as well as current period and are not expected to significantly affect the future periods.

b) Standards Issued but not yet Effective

i) Ind AS 116

Ind AS 116 is effective for period beginning on or after 1st April, 2019. It will replace previous lease standard Ind AS 17.

Ind AS 116 sets out the principles for recognition, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to accounting for finance leases under Ind AS 17.

Ind AS 116 requires lessees to recognize a 'right-of-use asset' and a 'lease liability' for almost all leasing arrangements. Lessor accounting under Ind AS 116 is substantially unchanged from today's accounting under Ind AS 17. The lessor still has to classify leases as either finance or operating.

The Company is evaluating the impact of the standard and amendment on the financial position and results of operation.

ii) Appendix C, Uncertainty over Income Tax Treatments to Ind AS 12

Appendix C has been added to Ind AS 12 which seeks to bring clarity to the accounting for uncertainties on income tax treatment that are yet to be accepted by tax authorities and to reflect in the measurement of current and deferred taxes.

The Company is evaluating the impact of the standard and amendment on the financial position and results of operation.

iii) Prepayment Features with Negative Compensation, Amendments to Ind AS 109

The amendments relate to the existing requirements in Ind AS 109 regarding termination rights in order to allow measurement at amortised cost (or, depending on the business model, at fair value through other comprehensive income) even in the case of negative compensation payments. The Company does not expect this amendment to have any impact on its financial statements.

iv) Plan Amendment, Curtailment or Settlement- Amendments to Ind AS 19

On 30th March, 2019, Ministry of Corporate Affairs issued amendments to Ind AS 19, 'Employee Benefits', in connection with accounting for plan amendments, curtailments and settlements.

The amendments require an entity:

- to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
- to recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling

Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company does not have any impact on account of this amendment.

Claims against the Company not acknowledged as debts:		
Service tax demand -under appeal	6.33	6.33
Income tax demand- under appeal	0.42	0.42
	6.75	6.75
II. Commitments		
Estimated amount of contract remaining to be executed on Capital account and not provided for	17.50	-
Advance paid against above	5.00	-

The amounts shown in (I) above represent the best possible estimates arrived at on the basis of available information. Uncertainties and timing of cash flows are dependent on outcome of different legal processes which have been invoked by the Company or the claimants, as the case may be and, therefore, cannot be estimated accurately. The Company does not expect any reimbursement in respect of above contingent liabilities.

In the opinion of the management, no provision is considered necessary for the disputes mentioned above on the ground that there are fair chances of successful outcome of the appeals.

2. The company has not received any memorandum (as required to be filed by the suppliers with the notified authority under the Micro, Small and Medium Enterprises Development Act, 2006) claiming their status as on 31 March 2019 as micro, small and medium enterprises. Consequently, the amount due to micro and small enterprises as per requirement of Section 22 of the Micro, Small and Medium Enterprises Development Act, 2006 : Nil (31st March 2018 : Nil).

3. Employee Benefits:

As per Indian Accounting Standard - 19 “ Employee Benefits”, the disclosures of Employee Benefits are as follows:

a) Defined Contribution Plan:

The Company has no legal and constructive obligation to pay or make any contribution towards provident fund and ESIC for employees as the salaries of employees are above the statutory limit. However, the company makes contribution of Administrative charges for maintaining provident fund account of the employees.

b) Defined Benefit Plans:

i) Description of Plans

The Gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the said Act, an employee who has completed five years of service is entitled to specific benefit. The Gratuity Plan provides a lumpsum payment to employees at retirement, death, incapacitation or termination of employment. The level of benefits provided depends on the member’s length of service and salary at retirement age etc.

Gratuity Benefits are funded in nature. The company has opted for a Group Gratuity cum Life Assurance Scheme of Aditya Birla Sun Life Insurance Company Limited. The liabilities arising in the defined benefit schemes are determined in accordance with the advice of independent, professionally qualified actuaries, using the projected unit credit method at the year end.

The following tables summarise the components of net benefit expense recognised in the Statement of Profit and Loss and the funded status and amounts recognised in the Balance Sheet for the said plan:

iii) Risks related to defined benefit plans:

The main risks to which the Company is exposed in relation to operating defined benefit plans are

- i) **Investment risk:** As the plan assets include significant investment in units of mutual funds, the company is exposed to risk of impact arising because of changes in Net Asset Value of mutual funds.
- ii) **Mortality risk:** The assumptions adopted by the Company make allowances for future improvements in life expectancy. However, if life expectancy improves at a faster rate than assumed, this would result in greater payments from the plan and consequently increase in the plan's liabilities. In order to minimise this risk, mortality assumptions are reviewed on a regular basis.
- iii) **Interest Rate Risk:** The present value of Defined Benefit Plans liability is determined using the discount rate based on the market yields prevailing at the end of reporting period on Government bonds. A decrease in yields will increase the fund liabilities and vice-versa.
- iv) **Salary cost inflation risk:** The present value of the defined benefit plan liability is calculated with reference to the future salaries of participants under the Plan. Increase in salary due to adverse inflationary pressures might lead to higher liabilities.

iv) Asset - liability management and funding arrangements

The trustees are responsible for determining the investment strategy of plan assets. The overall investment policy and strategy for Company's funded defined benefit plan is guided by the objective of achieving an investment return which, together with the contribution paid is sufficient to maintain reasonable control over various funding risks of the plan.

v) Other disclosures:

- i) The following are the assumptions used to determine the benefit obligation
 - a) **Discount rate:** The yield of government bonds are considered as the discount rate. The tenure has been considered taking into account the past long term trend of employees' average remaining service life which reflects the average estimated term of the post - employment benefit obligations.

- b) **Rate of escalation in salary** : The estimates of rate of escalation in salary, considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.
- c) **Rate of return on plan assets**: Rate of return for the year was the average yield of the portfolio in which Company's plan assets are invested over a tenure equivalent to the entire life of the related obligation.
- d) **Attrition rate** : Attrition rate considered is the management's estimate based on the past long- term trend of employee turnover in the Company.
- ii) The Gratuity and Provident Fund expenses have been recognised under " Contribution to Provident and Other Funds" under " Salaries and Allowances" under Note No. 22.

4. Operating Segment information

The Company is primarily engaged in a single business segment of Broking & Dealing in Securities and related services. All the activities of the company revolves around the main business. As such there are no separate reportable segments as per Ind AS - 108 "Operating Segment".

B. Fair value hierarchy

The fair value of the financial assets and financial liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

Fair value of cash and cash equivalents, other bank balances, trade and other receivables, loans and other current financial assets, short term borrowings from banks and financial institutions, trade and other payables and other current financial liabilities is considered to be equal to the carrying amounts of these items due to their short-term nature.

Where such items are Non-current in nature, the same has been classified as Level 3 and fair value determined using adjusted net asset value method. Similarly, unquoted equity instruments where most recent information to measure fair value is insufficient, or if there is a wide range of possible fair value measurements, cost has been considered as the best estimate of fair value.

The fair value of investment in mutual funds has been determined based on quotes from mutual funds/ Asset management companies during the year.

There has been no change in the valuation methodology for Level 3 inputs during the year. The Company has not classified any material financial instruments under Level 3 of the fair value hierarchy. There were no transfers between Level 1 and Level 2.

The following tables provide the fair value hierarchy of the Company's assets measured at fair value on a recurring basis:

12. Financial risk management objectives and policies

The Company's activities expose it to credit risk, liquidity risk and market risk. The Company's Board of Directors has overall responsibility for establishment and oversight of the Company's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

(a) Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under financial instrument or a customer contract leading to a financial loss. The Company is exposed to credit risk from its operating activities primarily trade receivable, security deposit with exchanges and from its financing activities including deposits placed with bank and financial institutions and other financial instruments/assets.

Credit risk from balances with bank and other financial instrument is managed in accordance with company's policies according to which Surplus funds are parked only in approved investment categories with well defined limits. Investment category is periodically reviewed by the Board of Directors of the Company.

Credit risk arising from short term liquid funds, other balances with banks and other cash equivalents is limited and no collaterals are held against these because the counterparties are banks and recognised financial institutions with high credit ratings assigned by credit rating agencies

Other financial assets measured at amortized cost includes loans to employees, security deposits and others. Credit risk related to these financial assets are managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system is in place to ensure that the amounts are within defined limits.

Customer credit risk is managed as per company's established policy, procedure and control related to credit risk management. Credit quality of the customer is assessed based on his previous track record and funds & securities held by him in his account and individual credit limit are defined according to this assessment. Outstanding customer receivables are regularly monitored. An impairment analysis is performed at each balance sheet date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. Assets are written off when there is no reasonable expectation of recovery. The Company continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognized in statement of profit and loss. The maximum exposure to credit risk at the balance sheet date is the carrying value of each class of financial assets disclosed under Note No. 9.

The Company assesses and manages credit risk of financial assets on the basis of assumptions, inputs and factors specific to the class of financial assets. The Company provides for expected credit loss on Cash and cash equivalents, other bank balances, investments, loans, trade receivables and other financial assets based on 12 months expected credit loss/life time expected credit loss/ fully provided for. Life time expected credit loss is provided for trade receivables.

The ageing analysis of the receivables are:

Particulars	As at 31st March, 2019	As at 31st March, 2018
Upto 6 months	167.28	307.26
6 to 12 months	4.50	7.74
More than 12 months	37.25	22.77
Total	209.03	337.77

(b) Liquidity risk

Liquidity risk is defined as the risk that the company will not be able to settle or meet its obligation on time or at reasonable price. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Company maintains flexibility in funding by maintaining availability under committed facilities. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates.

The table below summarises the Company's financial liabilities into relevant maturity groupings based on their contractual maturities.

(₹ in Laacs)

Total	816.09	41.36	–	857.45

(c) Market risk

Market risk is the risk that fair value of future cash flows of a financial instrument will fluctuate because of change in market prices. Market rate risk comprises of currency risk, interest rate risk and other price risk such as equity price risk and commodity risk.

Foreign currency risk

Foreign currency risk is the risk of impact related to fair value of future cash flows if an exposure in foreign currency, which fluctuate due to change in foreign currency rate. The Company has no international transactions and is not exposed to foreign exchange risk.

Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of change in market interest rate.

i) Liabilities

The Company's fixed rate borrowings are carried at amortised cost. They are, therefore, not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

The Company has no variable rate borrowings.

ii) Assets

The company's fixed deposits, interest bearing security deposits and loans are carried at fixed rate. Therefore, not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Price risk

Price risk is the risk that the fair value of financial instrument will fluctuate due to change in market traded price.

The Company's exposure to price risk arises from investments held and classified as FVTPL. To manage the price risk arising from investments in mutual funds, the Company diversifies its portfolio of assets.

13. Capital Management

(a) Risk management

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity share-holders of the Company. The Company's objective when managing capital is to safeguard its ability to continue as a going concern so that it can continue to provide returns to shareholders and other stake holders and maintain an optimal capital structure to reduce the cost of Capital.

The Company manages its capital structure and makes adjustments in light of changes in the financial condition and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders (Buy -Back its shares) or issue new shares.

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. The Company has complied with these covenants.

No changes were made in the objectives, policies or processes for managing capital during the year ended 31st March, 2019 and 31st March, 2018.

The Company's Debt to Equity Ratio is as below :

(₹ in Lacs)

Particulars	31st March, 2019	31st March, 2018
Net debt	–	340.40
Total equity	2,903.91	2,723.32

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **SKP Securities Limited** (hereinafter referred to as “the Holding Company”) and its Subsidiary (the Holding Company and its subsidiary together referred to as “the Group”), which comprise the Consolidated Balance Sheet as at 31st March, 2019, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the “Act”) in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended (“Ind AS”) and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2019, the consolidated profit, consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor in terms of his reports referred to in Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in

forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Group ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design

audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its subsidiary company which is a company incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained by us and the audit evidence obtained by the other auditor in terms of his reports, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report and the audit evidence obtained by the other auditor in terms of his reports referred to in Other Matter paragraph below. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of SKP Insurance Advisors Pvt. Ltd., a subsidiary, whose financial statements reflect total assets of ₹ 16.71 lacs as at 31st March, 2019, total revenues of ₹ 14.82 lacs and net cash out flows amounting to ₹ 0.32 lacs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditor whose report has been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiary, and our report in terms of sub-sections (3) and (11) of section 143 of the Act, in so far as it relates to the aforesaid subsidiary, is based solely on the report of the other auditor.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

As required by section 143(3) of the Act, we report that:

- i. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- ii. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the report of the other auditors.
- iii. The consolidated Balance Sheet, the consolidated Statement of Profit and Loss including other comprehensive income, consolidated Statement of Changes in Equity and the consolidated Statement of Cash Flows dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- iv. In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- v. On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2019 taken on record by the Board of Directors of the Holding Company and the report of the statutory auditor of its subsidiary company, none of the Directors of the Group companies is disqualified as on 31st March, 2019 from being appointed as a Director in terms of section 164 (2) of the Act.
- vi. With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate report in “Annexure A” which is based on the Auditor’s reports of the Holding company and its subsidiary company incorporated in India. Our report expresses an unmodified opinion on the adequacy and

operating effectiveness of the internal financial controls over financial reporting of those companies, for reasons stated therein.

- vii. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- viii. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- a. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group— Refer Note No. 28.1 to the consolidated financial statements.
- b. The Group did not have any material foreseeable losses on long-term contracts including derivative contracts during the year ended 31st March, 2019.
- c. There has been no delay in transferring amounts, required to be transferred, to the investor education and protection fund by the Holding Company during the year ended 31st March, 2019. There were no amounts which were required to be transferred to the investor education and protection fund by the subsidiary company during the year ended 31st March, 2019.

Annexure A” to the Independent Auditor’s Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated financial statements of the Group as of and for the year ended 31 March 2019, we have audited the internal financial controls over financial reporting of SKP Securities Limited (“the Holding Company”) and its subsidiary company, which is a company incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company and its subsidiary company, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor in terms of his report referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding Company and its subsidiary company.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary company have in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other Matters

Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to the subsidiary company, is based on the corresponding report of the auditors of such company.

NOTE NO. 1**1. Company Overview**

SKP Securities Limited (“the Company”) incorporated on 18th May, 1990, is a Public Limited Company domiciled in India and has its registered office at Chatterjee International Centre, Level 21, 33A, Jawaharlal Nehru Road, Kolkata - 700 071. Its shares are listed on BSE Ltd.

SKP Securities Limited together with its subsidiary is hereinafter referred to as ‘the Group’.

The Group is engaged in the business of providing stock broking services, depository services, distribution of mutual funds, wealth advisory services and insurance broking services.

The Company is registered with Securities and Exchange Board of India (SEBI) as a member of National Stock Exchange of India Limited (NSE), BSE Ltd., National Securities Depository Limited (NSDL), Central Depository Services (India) Ltd. (CDSL) and as Research Analysts. It is also registered with Association of Mutual Fund of India (AMFI).

The Group’s consolidated financial statements are approved for issue by the Company’s Board of Directors on 27th April, 2019.

NOTE NO. 2**2. Significant accounting policies****2.1 Statement of Compliance with Ind AS**

These consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) specified under Section 133 of the Companies Act, 2013 (‘the Act’). The financial statements have also been prepared in accordance with the relevant presentation requirements of the Act. The Company adopted Ind AS from 1st April, 2017.

2.2 Basis of preparation

The consolidated financial statements are prepared in accordance with the historical cost convention on accrual basis, except for certain items that are measured at fair values, as explained in the accounting policies. Historical cost is generally based on the fair value of the consideration in exchange for goods and services.

Accounting policies have been consistently applied except where a newly issued Indian Accounting Standard is initially adopted or a revision to an existing Indian Accounting Standard requires a change in the accounting policy hitherto in use.

All amount disclosed in the financial statements including notes thereon have been rounded off to the nearest lakh as per the requirement of Schedule III to the Act, unless stated otherwise.

2.3 Use of estimates

The preparation of financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of the accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates

are recognised in the period in which the estimate is revised if the revision affects only that period; they are recognised in the period of the revision and future periods if the revision affects both current and future periods.

2.4 Basis of Consolidation

The Consolidated Financial Statements (CFS) includes the financial statements of the Company and its subsidiary/ies.

Subsidiaries are entities controlled by the Group.

Control is assessed annually with reference to the voting power (usually arising from equity shareholdings and potential voting rights) and other rights (usually contractual) enjoyed by the Group in its capacity as an investor that provides it the power and consequential ability to direct the investee's activities and significantly affect the Group's returns from its investment. Such assessment requires the exercise of judgement and is disclosed by way of a note to the Financial Statements.

The assets, liabilities, income and expenses of subsidiary/ies are aggregated and consolidated, line by line, from the date control is acquired by any Group entity to the date it ceases. Profit or loss and each component of other comprehensive income are attributed to the Group as owners and to the non-controlling interests. The Group presents the non-controlling interests in the Balance Sheet within equity, separately from the equity of the Group as owners. Impairment loss, if any, to the extent the carrying amount exceeds the recoverable amount is charged off to the Statement of Profit and Loss as it arises and is not reversed.

All intra group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

2.5 Property, plant and equipment (PPE) and Depreciation

- a) Property, plant and equipment are stated at cost of acquisition less accumulated depreciation and impairment, if any. For this purpose, cost includes deemed cost which represents the carrying value of PPE recognised as at 1st April, 2016 measured as per the previous GAAP.
- b) Cost is inclusive of inward freight, non-refundable taxes and duties and directly attributable costs of bringing an asset to the location and condition of its intended use. Expenses capitalised also include applicable borrowing costs for qualifying assets, if any. All upgradation / enhancements are charged off as revenue expenditure unless they bring similar significant additional benefits.
- c) The cost and related accumulated depreciation are derecognised from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss.
- d) Depreciation of these assets commences when the assets are ready for their intended use which is generally on commissioning. Depreciation on items of PPE is provided on a straight line basis to allocate their cost, net of their residual value over the estimated

useful life of the respective asset as specified in Schedule II to the Act which in the view of the management best represents the period for which the asset is expected to be used:

- e) The estimated useful lives of PPE of the Group are as follows:

Freehold Premises	60 years
Office equipment	5 years
Furniture and fixtures	10 years
Computers, Servers and other Information Technology Equipments	3 to 6 years
Vehicles	8 years

- f) The assets' residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate. The residual life is considered as 5% of the value of PPE.

2.6 Impairment of Assets

As at each balance sheet date, the Group assesses whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, if any, an impairment loss is recognized for the amount by which the carrying amount of the asset exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the impairment loss previously recognized is reversed such that the asset is recognized at its recoverable amount but not exceeding written down value which would have been reported if the impairment loss had not been recognized.

2.7 Revenue recognition

With effect from 1st April, 2018, the Group has adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up transition method, applied to contracts there were not completed as of 1st April, 2018. Accordingly, the comparatives have not been retrospectively adjusted. The effect on adoption of Ind AS 115 was insignificant.

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties. The Company recognizes revenue when it transfers control over a product or service to customers in accordance with Ind AS 115.

The Group recognizes revenue to depict the transfer of promised goods or services to customers in amounts that reflect the payment to which the Group expects to be entitled in exchange for those goods or services by applying the following steps:

Step -1- Identify the contract with a customer;

Step -2- Identify the performance obligations in the contract;

Step -3- Determine the transaction price;

Step -4- Allocate the transaction price to the performance obligations in the contract;

Step -5- Recognize the revenue when (or as) the Company satisfies a performance obligation.

The Group is engaged in the business of providing stock broking services, depository services, distribution of mutual funds, wealth advisory services and insurance broking services. The recognition criteria is as follows:

a) Broking Services

Income from broking activities and transactions in respect of dealing in shares and securities are recognised as the performance obligations are satisfied viz is on the date of settlement on the respective stock exchange.

b) Distribution Services

Brokerage/commission from mutual funds and on distribution of third party products are recognised when the Company's right to receive the same is established.

c) Depository and Advisory Services

Income from Depository and Advisory services are recognised as the performance obligations are satisfied on the basis of agreement entered into with the clients and when the Company's right to receive the income is established.

d) Interest income

Interest income is recorded on accrual basis using the effective interest rate (EIR) method.

e) Dividend Income

Dividend income is recognised when the Company's right to receive the dividend is established.

2.8 Foreign Currency Transactions

The functional and presentation currency of the Group is Indian Rupee.

Transactions in foreign currency are accounted for at the exchange rate prevailing on the transaction date. Gains/losses arising on settlement as also on translation of monetary items are recognised in the Statement of Profit and Loss.

2.9 Borrowing costs

Borrowing costs that are directly attributable to the acquisition and/or construction of a qualifying asset are capitalized as part of the cost of such asset till such time that is required to complete and prepare the asset to get ready for its intended use. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use.

All other borrowing costs are charged to the Statement of Profit and Loss in the period in which they are incurred.

2.10 Provisions, contingent liabilities and contingent assets

- a) Provisions are recognized only when there is a present obligation, as a result of past events and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.
- b) Contingent liability is disclosed for possible obligations which will be confirmed only by future events not wholly within the control of the Company or present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

- c) Contingent assets are neither recognized nor disclosed except when realisation of income is virtually certain, related asset is disclosed.
- d) Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

2.11 Employee benefits

a) Short-term employee benefits

Short-term employee benefits in respect of salaries and wages, including non-monetary benefits are recognised as an expense at the undiscounted amount in the Statement of Profit and Loss for the year in which the related service is rendered.

b) Defined contribution plans

Contributions to Provident Fund are charged to the Statement of Profit and Loss in the year when the contributions to the respective funds are due.

c) Defined benefit plans

Gratuity is in the nature of a defined benefit plan. The cost of providing benefits under the defined benefit obligation is calculated on the basis of actuarial valuations carried out at reporting date by independent actuary using the projected unit credit method. Service costs and net interest expense or income is reflected in the Statement of Profit and Loss. Gain or Loss on account of remeasurements are recognised immediately through other comprehensive income in the period in which they occur.

2.12 Financial instruments, Financial assets, Financial liabilities and Equity instruments

Financial assets and financial liabilities are recognised when the Companies in the group becomes a party to the contractual provisions of the relevant instrument and are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities measured at fair value through profit or loss) are added to or deducted from the fair value on initial recognition of financial assets or financial liabilities.

i) Financial Assets

(a) Recognition

Financial assets include Investments, Trade receivables, Advances, Security Deposits, Cash and cash equivalents. Such assets are initially recognised at transaction price when the Companies in the group becomes party to contractual obligations. The transaction price includes transaction costs unless the asset is being fair valued through the Statement of Profit and Loss.

(b) Classification

Management determines the classification of an asset at initial recognition depending on the purpose for which the assets were acquired. The subsequent measurement of financial assets depends on such classification.

Financial assets are classified as those measured at:

- 1) amortised cost, where the financial assets are held solely for collection of cash flows arising from payments of principal and/ or interest.

- 2) fair value through other comprehensive income (FVTOCI), where the financial assets are held not only for collection of cash flows arising from payments of principal and interest but also from the sale of such assets. Such assets are subsequently measured at fairvalue, with unrealised gains and losses arising from changes in the fair value being recognised in other comprehensive income.
- 3) fair value through profit or loss (FVTPL), where the assets does not meet the criteria for categorization as at amortized cost or as FVTOCI. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in the Statement of Profit and Loss in the period in which they arise.

Trade receivables, Advances, Security Deposits, Cash and cash equivalents etc. are classified for measurement at amortised cost while investments may fall under any of the aforesaid classes. However, in respect of particular investment in equity instruments that would otherwise be measured at fair value through profit or loss, an irrevocable election at initial recognition may be made to present subsequent changes in fair value through other comprehensive income.

(c) Impairment

The Group assesses at each reporting date whether a financial asset (or a group of financial assets) such as investments, trade receivables, advances and security deposits held at amortised cost and financial assets that are measured at fair value through other comprehensive income are tested for impairment based on evidence or information that is available without undue cost or effort.

Loss allowances are recognised using the expected credit loss (ECL) model and ECL impairment loss allowance are measured at an amount equal to lifetime ECL.

Until the asset meets write-off criteria, the Group does not reduce impairment allowance from the gross carrying amount.

(d) De-recognition

Financial assets are derecognised when the right to receive cash flows from the assets has expired, or has been transferred, and the Group has transferred substantially all of the risks and rewards of ownership. If the asset is one that is measured at:

- (i) amortised cost, the gain or loss is recognised in the Statement of Profit and Loss;
- (ii) fair value through other comprehensive income, the cumulative fair value adjustments previously taken to reserves are reclassified to the Statement of Profit and Loss unless the asset represents an equity investment in which case the cumulative fair value adjustments previously taken to reserves is reclassified within equity.

ii) Financial liabilities

Borrowings, trade payables and other financial liabilities are initially recognised at the value of the respective contractual obligations. They are subsequently measured at amortised cost.

Financial liabilities are derecognised when the liability is extinguished, that is, when the contractual obligation is discharged, cancelled and on expiry.

iii) Equity instruments

Equity instruments are recognised at the value of the proceeds, net of direct costs of the capital issue.

iv) Offsetting of financial instruments

Financial assets and liabilities are offset and the net amount is included in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

v) Dividend distribution

Dividends paid (including income tax thereon) is recognised in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders.

vii) Fair value measurement

The Group measures financial instruments at fair value at each balance sheet date.

For some assets and liabilities, observable market transactions or market information might be available. For other assets and liabilities, observable market transactions and market information might not be available. However, the objective of a fair value measurement in both cases is the same—to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions.

In determining the fair value of financial instruments, the Group uses a variety of methods and assumptions that are based on market conditions and risks existing at each balance sheet date.

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

2.13 Taxes

Taxes on income comprises of current taxes and deferred taxes. Current tax in the Statement of Profit and Loss is provided as the amount of tax payable in respect of taxable income for the period using tax rates and tax laws enacted during the period, together with any adjustment to

tax payable in respect of previous years.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities and the amounts used for taxation purposes (tax base), at the tax rates and tax laws enacted or substantively enacted by the end of the reporting period.

Deferred tax assets are recognized for deductible temporary differences, the carry forward of unused tax credits and any unused tax losses to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised.

Unrecognised deferred tax assets are re-assessed at each balance sheet date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Income tax, in so far as it relates to items disclosed under other comprehensive income or equity, are disclosed separately under other comprehensive income or equity, as applicable.

2.14 Earnings per Share

- a) Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted-average number of equity shares outstanding during the period.
- b) For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted-average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

The number of equity shares and potential dilutive equity shares are adjusted retrospectively for all periods presented for any share split and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

2.15 Leases

As a lessee

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the Statement of Profit and Loss on a straight line basis over the period of the lease or other systematic basis more representative of the time pattern of the user's benefits.

As a lessor

Leases in which the Group has substantially retained all the risks and rewards of ownership

are classified as Operating Leases. Lease Income on such operating leases are recognized in the Statement of Profit and Loss on a straight line basis over the lease term which is representative of the time pattern in which benefit derived from the use of the leased asset is diminished. Initial direct costs are recognized as an expense in the Statement of Profit and Loss in the period in which they are incurred.

2.16 Cash and cash equivalents

Cash and cash equivalents in the Balance sheet comprise cash on hand, cheques on hand, balance with banks on current accounts and short term, highly liquid investments with an original maturity of three months or less and which carry insignificant risk of changes in value.

For the purpose of the Cash Flow Statement, Cash and cash equivalents consist of Cash and cash equivalents, as defined above and net of outstanding book overdrafts as they are considered an integral part of the Group's cash management.

2.17 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/loss before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing flows. The cash flows from operating, investing and financing activities of the Group are segregated.

NOTE NO. 3

3.1 Critical accounting estimates

(i) Estimation of Defined benefit obligations

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each financial year end.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans, the actuary considers the interest rates of government bonds.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

(ii) Provisions and Contingent Liabilities

The Group has ongoing litigations with various regulatory authorities and third parties.

Where an outflow of funds is believed to be probable and a reliable estimate of the outcome of the dispute can be made based on management's assessment of specific circumstances of each dispute and relevant external advice, management provides for its best estimate of the liability. Such accruals are by nature complex and can take number of years to resolve and can involve estimation uncertainty. Information about such litigations is provided in notes to the financial statements.

3.2 Recent accounting pronouncements

a) New and amended standards adopted by the Group

The Group has applied the following standards and amendments for the first time for the year ended 31st March, 2019:

- Ind AS 115 – Revenue from Contracts with Customers.
- Appendix B, foreign currency transactions and advance consideration to Ind AS 21 – The Effects of Changes in Foreign Exchange Rates.
- Amendment to Ind AS 12 – Income Taxes.

The application of Ind AS 115 and other amendments listed above did not have any impact on the amounts recognized in prior periods as well as current period and are not expected to significantly affect the future periods.

b) Standards Issued but not yet Effective

i) Ind AS 116

Ind AS 116 is effective for period beginning on or after 1st April, 2019. It will replace previous lease standard Ind AS 17.

Ind AS 116 sets out the principles for recognition, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to accounting for finance leases under Ind AS 17.

Ind AS 116 requires lessees to recognize a 'right-of-use asset' and a 'lease liability' for almost all leasing arrangements. Lessor accounting under Ind AS 116 is substantially unchanged from today's accounting under Ind AS 17. The lessor still has to classify leases as either finance or operating.

The Group is evaluating the impact of the standard and amendment on the financial position and results of operation.

ii) Appendix C, Uncertainty over Income Tax Treatments to Ind AS 12

Appendix C has been added to Ind AS 12 which seeks to bring clarity to the accounting for uncertainties on income tax treatment that are yet to be accepted by tax authorities and to reflect in the measurement of current and deferred taxes.

The Group is evaluating the impact of the standard and amendment on the financial position and results of operation.

iii) Prepayment Features with Negative Compensation, Amendments to Ind AS 109

The amendments relate to the existing requirements in Ind AS 109 regarding termination rights in order to allow measurement at amortised cost (or, depending on the business model, at fair value through other comprehensive income) even in the case of negative compensation payments. The Group does not expect this amendment to have any impact on its financial statements.

iv) Plan Amendment, Curtailment or Settlement- Amendments to Ind AS 19

On 30th March, 2019, Ministry of Corporate Affairs issued amendments to Ind AS 19, 'Employee Benefits', in connection with accounting for plan amendments, curtailments and settlements.

The amendments require an entity:

- to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
- to recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling

Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Group does not have any impact on account of this amendment.

NOTE NO: 28 OTHER DISCLOSURES

1. Contingent liabilities and commitments (to the extent not provided for)

(₹ in Lacs)

Particulars	As at 31st March, 2019	As at 31st March, 2018
I. Contingent liabilities:		
Claims against the Company not acknowledged as debts:		
Service tax demand -under appeal	6.33	6.33
Income tax demand- under appeal	0.42	0.42
	6.75	6.75
II. Commitments		
Estimated amount of contract remaining to be executed on Capital account and not provided for	17.50	-
Advance paid against above	5.00	-

The amounts shown in (I) above represent the best possible estimates arrived at on the basis of available information. Uncertainties and timing of cash flows are dependent on outcome of different legal processes which have been invoked by the Company or the claimants, as the case may be and, therefore, cannot be estimated accurately. The Company does not expect any reimbursement in respect of above contingent liabilities.

In the opinion of the management, no provision is considered necessary for the disputes mentioned above on the ground that there are fair chances of successful outcome of the appeals.

2. The company has not received any memorandum (as required to be filed by the suppliers with the notified authority under the Micro, Small and Medium Enterprises Development Act, 2006) claiming their status as on 31 March 2019 as micro, small and medium enterprises. Consequently, the amount due to micro and small enterprises as per requirement of Section 22 of the Micro, Small and Medium Enterprises Development Act, 2006 is Nil (31st March 2018 - Nil).

3. Employee Benefits:

As per Indian Accounting Standard - 19 “ Employee Benefits”, the disclosures of Employee Benefits are as follows:

a) Defined Contribution Plan:

The Company has no legal and constructive obligation to pay or make any contribution towards provident fund and ESIC for employees as the salaries of employees are above the statutory limit. However, the company makes contribution of Administrative charges for maintaining provident fund account of the employees.

b) Defined Benefit Plans:

i) Description of Plans

The Gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the said Act, an employee who has completed five years of service is entitled to specific benefit. The Gratuity Plan provides a lumpsum payment to employees at retirement, death, incapacitation or termination of employment. The level of benefits provided depends on the member’s length of service and salary at retirement age etc.

Gratuity Benefits are funded in nature. The company has opted for a Group Gratuity cum Life Assurance Scheme of Aditya Birla Sun Life Insurance Company Limited. The liabilities arising in the defined benefit schemes are determined in accordance with the advice of independent, professionally qualified actuaries, using the projected unit credit method at the year end.

The following tables summarise the components of net benefit expense recognised in the Statement of Profit and Loss and the funded status and amounts recognised in the Balance Sheet for the said plan:

iii) Risks related to defined benefit plans:

The main risks to which the Company is exposed in relation to operating defined benefit plans are

- i) **Investment risk:** As the plan assets include significant investment in units of mutual funds, the company is exposed to risk of impacts arising changes in Net Asset Value of mutual funds.
- ii) **Mortality risk:** The assumptions adopted by the Company make allowances for future improvements in life expectancy. However, if life expectancy improves at a faster rate than assumed, this would result in greater payments from the plans and consequently increase in the plan's liabilities. In order to minimise this risk, mortality assumptions are reviewed on a regular basis.
- iii) **Interest Rate Risk:** The present value of Defined Benefit Plans liability is determined using the discount rate based on the market yields prevailing at the end of reporting period on Government bonds. A decrease in yields will increase the fund liabilities and vice-versa.
- iv) **Salary cost inflation risk:** The present value of the defined benefit plan liability is calculated with reference to the future salaries of participants under the Plan. Increase in salary due to adverse inflationary pressures might lead to higher liabilities.

iv) Asset - liability management and funding arrangements

The trustees are responsible for determining the investment strategy of plan assets. The overall investment policy and strategy for Company's funded defined benefit plan is guided by the objective of achieving an investment return which, together with the contribution paid is sufficient to maintain reasonable control over various funding risks of the plan.

v) Other disclosures:

- i) The following are the assumptions used to determine the benefit obligation
 - a) **Discount rate:** The yield of government bonds are considered as the discount rate. The tenure has been considered taking into account the past long term trend of employees' average remaining service life which reflects the average estimated term of the post - employment benefit obligations.
 - b) **Rate of escalation in salary :** The estimates of rate of escalation in salary, considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.
 - c) **Rate of return on plan assets:** Rate of return for the year was the average yield of the portfolio in which Company's plan assets are invested over a tenure equivalent to the entire life of the related obligation.
 - d) **Attrition rate :** Attrition rate considered is the management's estimate based on the past long- term trend of employee turnover in the Company.
- ii) The Gratuity and Provident Fund expenses have been recognised under "Contribution to Provident and Other Funds" under "Salaries and Allowances" under Note No. 22.

4. Operating Segment information

B. Fair value hierarchy

The fair value of the financial assets and financial liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

Fair value of cash and cash equivalents, other bank balances, trade and other receivables, loans and other current financial assets, short term borrowings from banks and financial institutions, trade and other payables and other current financial liabilities is considered to be equal to the carrying amounts of these items due to their short-term nature.

Where such items are Non-current in nature, the same has been classified as Level 3 and fair value determined using adjusted net asset value method. Similarly, unquoted equity instruments where most recent information to measure fair value is insufficient, or if there is a wide range of possible fair value measurements, cost has been considered as the best estimate of fair value.

The fair value of investment in mutual funds has been determined based on quotes from mutual funds/ Asset management companies during the year.

There has been no change in the valuation methodology for Level 3 inputs during the year. The Company has not classified any material financial instruments under Level 3 of the fair value hierarchy. There were no transfers between Level 1 and Level 2.

The following tables provide the fair value hierarchy of the Company's assets measured at fair value on a recurring basis:

12. Financial risk management objectives and policies

The Company's activities expose it to credit risk, liquidity risk and market risk. The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

(a) Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under financial instrument or a customer contract leading to a financial loss. The Company is exposed to credit risk from its operating activities primarily trade receivable and security deposit with exchanges and from its financing activities including deposits placed with bank and financial institutions and other financial instruments/assets.

Credit risk from balances with bank and other financial instrument is managed in accordance with company's policies according to which Surplus funds are parked only in approved investment

categories with well defined limits. Investment category is periodically reviewed by the Board of Directors of the Company.

Credit risk arising from short term liquid funds, other balances with banks and other cash equivalents is limited and no collaterals are held against these because the counterparties are banks and recognised financial institutions with high credit ratings assigned by credit rating agencies

Other financial assets measured at amortized cost includes loans to employees, security deposits and others. Credit risk related to these financial assets are managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system is in place to ensure that the amounts are within defined limits.

Customer credit risk is managed as per company's established policy, procedure and control related to credit risk management. Credit quality of the customer is assessed based on his previous trackrecord and funds & securities held by him in his account and individual credit limit are defined according to this assessment. Outstanding customer receivables are regularly monitored. An impairment analysis is performed at each balance sheet date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. Assets are written off when there is no reasonable expectation of recovery. The Company continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognized in statement of profit and loss. The maximum exposure to credit risk at the balance sheet date is the carrying value of each class of financial assets disclosed under Note No. 9.

The Company assesses and manages credit risk of financial assets on the basis of assumptions, inputs and factors specific to the class of financial assets. The Company provides for expected credit loss on Cash and cash equivalents, other bank balances, investments, loans, trade receivables and other financial assets based on 12 months expected credit loss/life time expected credit loss/ fully provided for. Life time expected credit loss is provided for trade receivables.

The ageing analysis of the receivables are:

6 to 12 months	4.50	7.74
More than 12 months	37.25	22.77
Total	209.05	337.77

(b) Liquidity risk

Liquidity risk is defined as the risk that the company will not be able to settle or meet its obligation on time or at reasonable price. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Company maintains flexibility in funding by maintaining availability under committed facilities. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates.

The tables below summarises the Company's financial liabilities into relevant maturity groupings based on their contractual maturities.
